Gift Buying Guide for Sackville

Keep this gift guide for inspiration throughout the year!

Why shop locally?

Our local business owners are our neighbours and friends. They contribute greatly to the economy in Sackville as well as support the fundraising that takes place throughout the year.

They truly are the backbone of the community and if you spend your dollars elsewhere, they may not be here to offer support in the future. Think "local" for service and for a vibrant community!

Gift Certificates are always a great alternative for those who are hard to buy for. Not only will you be supporting our local businesses, but it's also convenient for younger or older people who may not have access to bigger centres! Most local retailers, restaurants and services love to sell gift certificates, including these restaurants & cafés:
